

Artist's Choice Board

Please choose your favourite activities from the grid below to try at home. Take care during lockdown and I hope that you can have some creative fun!

Make your own **colour wheel** from things that you have at home.

Draw your favourite **3D object** in your bedroom!

Create a **contour drawing** of something. This is when you don't take your pencil off the paper until you have finished.

Use a newspaper or magazines to cut and glue to make a picture of an animal. This type of picture is called a **collage**.

[This Photo](#) by Unknown

Create an **ephemeral artwork**. This is an artwork made using collected bits of nature. It only lasts for a little while! Take a photo of what you create if you can.

Create a **sculpture** from some recycled boxes and containers you can find at home. It could be an animal, a building, or even a robot!
