General Information

A parent or legal guardian applying to enrol a child in a government school should complete an *Application for Enrolment form*. Family details should include details of parents, guardians or carers residing at the same address as the student being enrolled. Only permanent residents of Australia and those children holding an approved visa sub-class number are eligible to be enrolled in a government school. Only students under the age of eighteen years of age can be enrolled and must be accompanied by a parent(s) or legal guardian. Out of area enrolments may be accepted when places are available.

The Principal of the school may cancel the enrolment of an enrolled student if the Principal is satisfied that:

- a) The enrolment was obtained by the giving of false or misleading information; or
- b) The Principal has received notification of changes to the following:
 - Usual place of residence
 - Court orders pertaining to the child
 - Details of any conditions of the child that may call for special steps to be taken for the benefit or protection of the enrollee or other persons in the school
 - Legal guardian of the child

Resident in Local Intake Area

Pre Primary to Year 6 Nedlands Primary School is a local intake school. The school can only guarantee places for a student whose family is currently residing within the boundaries of the Nedlands Primary School local intake area (subject to provision of required documentation). The catchment area has been determined by the Department of Education of Western Australia. A map of this area is available from the school or may be viewed on the school website <https://www.nedlandsp.s.wa.edu.au/>

An older sibling who is currently enrolled in the school, and now resides outside of our local intake area, does not guarantee a place at Nedlands PS for a younger sibling.

Enrolment in Kindergarten does not guarantee enrolment at Nedlands Primary School for the following compulsory year (Pre Primary) unless the child lives in the school's intake area. Students will be required to re-enrol into Pre Primary.

Application for Enrolment - Kindergarten

Schools may not enrol children who are applying to enrol at another school or are already enrolled at another Kindergarten, public or private (unless transferring).

Students enrolled in the pre-compulsory year of schooling (Kindergarten) are **not guaranteed** enrolment for Pre Primary if they reside outside the schools catchment area.

The following selection criteria are applied in considering applications for enrolment:

First Priority	Second Priority	Third Priority	Fourth Priority
Child residing in the local-intake area who has a sibling also enrolled at the school in the current year, and who lives nearest the school.	Child in the local-intake area who does not have a sibling enrolled at the school in the current year, and who lives nearest the school.	Child not residing in the local-intake area who has a sibling also enrolled at the school in the current year, and who lives nearest the school.	Child not residing in the local-intake area who does not have a sibling enrolled at the school in the current year, and who lives nearest the school.

Third Party Services Consent

Our school provides access to Department of Education (DoE) online services and third party services. These enhance the contemporary learning opportunities available to students and the range of teaching tools available to staff to deliver the Western Australian Curriculum.

The purpose of this form is to obtain consent for DoE online services and third party services to be utilised by your child during learning online. From January 2021 all schools will need to manage third party services in schools as stated in Section 3.4 of the Student Online in Public Schools Procedures.

Online third party services:

- are provided to you by a vendor external to the Department of Education
- are free or paid services
- can include versions that may be downloaded onto staff and student devices.
-

These services provide functions such as:

- school or student management
- teacher administration
- student learning content or activities
- communication tools.

Online third party services may require:

- students or teachers to create separate student accounts
- students to participate in online activities or upload content
- students or teachers to provide personal student and/or parent information.

The Department's online services currently provide students with access to:

- individual email and calendar accounts;
- the internet, with all reasonable care taken by central office and schools to monitor and control students' access to websites while at school;
- online teaching and learning services such as Connect, web-conferencing and digital resources;
- online file storage and sharing services; and
- these online services at locations other than school.

Please note that while every reasonable effort is made by schools and the Department to prevent student exposure to inappropriate online content when using Department provided online services, it is not possible to completely eliminate the risk of such exposure.

You should be aware that the Department has the right to review, audit, intercept, access and disclose messages created, received or sent over Department online services. Logs of email transactions and internet access data are kept for administrative, legal and security purposes and may be monitored. Similar to other corporate records, emails and internet access records are discoverable in the event of legal action and are subject to provisions of the Freedom of Information Act 1992. (www.foi.wa.gov.au)

You should also be aware that general internet browsing not conducted via the Department's network is not monitored or filtered by the Department. The Department encourages close family supervision of all internet use by children in locations other than school, and strongly recommends the use of appropriate internet filtering software. Advice on managing internet use at home can found on the Office of the E-Safety Commissioner website (www.esafety.gov.au/iparent).

Please read through all online services, applications and websites to provide your consent for your child to engage with them. We appreciate your time.

VIEWING CONSENT

Viewing Consent

Children often watch videos / DVDs / television documentaries as part of their learning. Almost always these are 'G' rated and don't require consent. Very occasionally something with a 'PG' rating is appropriate for which we would need parental permission.

- Yes, I consent to my child viewing items with a 'PG' rating if deemed suitable by the teacher and school administration.
 No, I do not give consent.

The Department of Education and The Australian Institute for Teaching and School Leadership encourages all teachers to reflect on their teaching practices as a strategy to improve the quality of their teaching. Nedlands Primary School is currently exploring various approaches which will allow constructive teacher reflection and provide them with useful feedback. One of the approaches to be utilised will be to video a lesson which will allow the teacher to view themselves in practice. These will only be used as teacher reflection, will be stored securely and deleted after the teacher has concluded their reflection process.

- Yes, I consent to my child being videoed during class for the purpose of teacher reflection
 No, I do not give consent.
