BYOD

In 2024, students in Year 4, 5 & 6 are permitted to bring their own **iPad and Bluetooth Keyboard** to school every day. **The 1:1 iPad program is voluntary.** Students who do not have their own device have access to school iPads. These are used on a rotational basis between the Learning Areas and available as often as practical. Information relating to the Nedlands Primary School BYOD Program is available on our school website, including discounted purchasing from Solutions IT. The link to this will be active later in the year.

Nedlands Primary School is passionate about setting our students up for future success, and the BYOD Program addresses a number of factors that prepare our senior students for high school. A lower cost device that teaches independence, critical thinking, greater flexibility with research and collaboration, allows students to take on responsibility and ownership of their learning device.

We recommend that parents establish good routines at home with regards to expectations, rules and boundaries, well before they bring their BYOD device into the home. The Office of the E-Safety Commissioner has wonderful resources to support families with technology in the home.
